

Walkthrough: escape room, Chasing the Red Lantern

Direkte link: [Chasing the Red Lantern](#)

Background story/intro:

You have arranged to meet your sidekick, the Red Lantern, at London's famous square Piccadilly Circus. The meeting is to take place at 3 pm, and he is waiting for you by the Eros Fountain.

Together you are supposed to set out and save the world from your mortal enemy, the evil Sinestro, but first you must enter this superhero escape room and find the Red Lantern. To exit Piccadilly Circus, you must collect ten clues on the square and in the buildings around it. You can leave the escape room via The Underground, also called the Tube by the locals - but you need the clues to exit.

To collect the necessary clues, you must use your wits and all your superhero brain power. Click on people, buildings, and things you see, and collect the information that will allow you to leave in time.

You can do it! We believe in you! You are the only one that can save the world.
